

LEONARD UNDERWOOD

Dear Community Leader,

Twenty or so years ago, I received a letter like this one and I have been an annual supporter of Latch Key ever since. Take a look at the enclosed brochure and see what this wonderful service is all about. You will find there is a lot to like about Latch Key. As for me, I gravitate towards something that makes a difference in the lives of young people.

And what a difference it makes to go to a safe and well supervised program instead of going home to an empty house after school! I believe also that using Howard Payne students to tutor and mentor these kids will enhance the development of these youngsters in a way that would be hard to replicate elsewhere.

It does take money to keep this program going and this is where you come in. If you are reading this letter, then you are part of the fabric of this community and we all need to do what we can to make this a great place to raise our families. For all of the years that I have known about Latch Key, they have always been led by an "A" plus board. Knowing that people like Sue Byrd, Jamie Munson, Daniel Hutson, Hunter Sims, and Sue Jones, among others, are on this year's board, give me confidence that my donation is in good hands.

I am asking you to join me in making a donation to the annual "100 from 100" Fundraiser. Although, \$100 is the requested amount, I ask you to prayerfully consider doubling that in this time of ever rising costs.

Thank you for making it through my letter. I have enclosed an envelope for you to mail in your donation or do it online at www.latchkeyprogram.org and just click the Donate button.

Yours truly,

Leonard Underwood
