About Us

Pearl Griffin Memorial Latch Key Program began in 1983 as a local mission project of the Union Presbyterian Church located in Brownwood. At that time volunteers devoted their afternoons to give special care to a group of young children.

Since that time, physical changes have taken place to best meet the needs of the children.

- **In 1991, the program expanded to the First Christian Church to accommodate the younger children.**
- **In 1995, the older children began meeting at the Family Service Center (Community Connections)**
- **In January 1999, the entirety of the program (including all ages) began meeting at the First Christian Church.**

Meet the Team

Board Members, Staff and Volunteers

The program is governed by a “Board of Directors” selected from the community. There are 9-10 Board Members serving 3 year terms. The Latch Key Board Members are responsible for fundraising, community outreach, overseeing the annual budget, monthly meetings to discuss issues, operations, and assisting in meeting the needs of the program.

Latch Key is staffed with an administrator and 9 - 10 Howard Payne University students. With the exception of the administrator, all staff are part of the HPU Work Study Program. These students gain work experience while investing in the lives of the Latch Key children. The Work Study Program helps cut cost of the Latch Key payroll.

Community Volunteers are always welcome. We appreciate Latch Key Volunteers help and support with snack preparation, story time, fundraising and special program events.
